

Aryan Choudhary

Software Engineer | Frontend & Full-Stack Developer

Pune, India | +91-8788634799 | aryanc1240@gmail.com
Portfolio | GitHub | LinkedIn

Summary

Junior Software Engineer skilled in building responsive web applications and full-stack features using React, JavaScript/TypeScript, Node.js, and modern tooling. Experienced delivering real-world applications through internships and freelance work, including CRUD tools, API-driven interfaces, and production-grade UI systems. Strong foundation in Data Structures, OOP, and software engineering best practices.

Experience

Freelance Mobile Developer — Myotrek Fitness App

Jan 2024 – May 2024

- Built and deployed a production-ready React Native fitness app supporting Myotrek's home gym equipment with scheduling, guided workouts, and progress tracking.
- Designed UI flows and collaborated with stakeholders to prioritize features and improve user experience.
- Managed Play Store deployment, asset optimization, and performance updates.

App Development Intern — XpedioLive

Jul 2024 – Aug 2024

- Developed **15+** mobile applications using React Native and Appwrite backend with reusable component libraries and modular architecture.
- Implemented authentication, form handling, and API integrations across multiple apps.
- Collaborated in an agile workflow to ship and iterate features rapidly.

Web Development Intern — XpedioLive

Feb 2024 – Apr 2024

- Built and optimized CRUD internal tools using Svelte, integrating REST APIs and lightweight state management.
- Developed reusable UI components to improve development speed across internal apps.

Projects

Commentto

GitHub

- An AI-powered Chrome extension and web app that summarizes content and generates thoughtful comments in the user's writing voice.

Book Notes Web App

GitHub

- React-based app to record books, notes, and reading progress with a bookshelf-inspired UI.

Myotrek Home Gym App

Play Store

- React Native app featuring guided exercises, scheduling, and equipment-specific workout flows.

Technical Skills

- Languages:** JavaScript(ES6+), TypeScript, C++
- Frontend:** React.js, Svelte, HTML5, CSS3
- Mobile:** React Native, Appwrite
- Backend:** Node.js, REST APIs
- Tools:** Git, GitHub, Firebase, Figma
- CS:** Data Structures & Algorithms, OOP, Software Engineering

Education

AISSMS College of Engineering, B.E. Computer Science
CGPA: 7.93

2021 – 2025

Coursework: Data Structures & Algorithms, OOP, DBMS, Cloud Computing, AIML, Deep Learning, NLP, Software Engineering.

The Orbis School, Pune

(CBSE)

Class 12: 90.8% Class 10: 94.8%

Languages

English (Fluent), Hindi (Native), Japanese (Intermediate - Pursuing JLPT N3)
